GREENEVILLE AI MEETUP

What AI Can Do for You

Feel like AI is moving fast and you don't know where to start? Or already building with it and want to go deeper? A free evening to learn what AI can do for you, with hands-on help and plenty of time for questions.

- Chat · ChatGPT and Claude for writing, research, planning and everyday questions
- Agents · Codex and Claude Code, which don't just answer questions but do real work
- Hands-on · bring a phone or laptop if you have one and try it yourself, with help
- The deep end · a live look at how AI agents build real software
- Q&A · ask anything, at any level

Thursday, November 12, 2026 · 7–9pm

Big Spring Room
Greeneville/Greene County Public Library · 210 N Main St

FREE AND OPEN TO EVERYONE · BEGINNERS WELCOME

Details and RSVP
millillion.org/meetup

Presented by Jordan Last, an agentic engineer with an emphasis in software development. Hosted by Millillion.
